Stop the Bleed training August 8th, 2025 at 9am for 110 Iola ISD staff members

If anyone would like to volunteer, please reach out.

CarFit Event October 18, 2025 ○ FREE CarFit Technician Training and Event Coordinator Training for this event on October 17, 2025 ○ Training Interest Form: <https://forms.gle/KpF2cyTgE6NL6bi2A>

CarFit Event will be held in the BVCOG/Center for Regional Services parking lot–3991 E 29th St Bryan, TX. Volunteers are welcome in addition to those wanting to get the training. Let Ms. Fisher know if you are interested in participating in any way.

Injury Prevention Self-Evaluation

Ms. Fisher discussed Indicator 17 and 18 in the BVRAC Self-Assessment. BVRAC is currently at a 4 out of 5 for both indicators. To achieve a 5 on Indicator 17, an evaluation process must be in place. Ms. Fisher proposed using a QR Code and asked for input on what information is requested. Indicator 18 addresses education events like the symposium and continuing education. The RAC may investigate offering more continuing education.

June Injury Prevention Month marketing campaign ideas?

June has several awareness focuses including safety awareness. The group discussed having weekly blogs on various issues including snake bites and water safety/pneumonia. Mr. Heritage will find out how much it will cost for the Impact Group to do weekly blog posts.

Injury Prevention Spending

There is \$7,029 remaining in the Injury Prevention Committee budget. Depending on how much the marketing campaign costs, the group present discussed purchasing:

- Stop the Bleed kits
- Medical ID info for car seats – may be similar to the WHALE project
- Life Meter thermometer window cling for vehicles – shows temperature readings as reminders for children in vehicles
