- EMS RAC has 88% remaining in the budget. Ideally, the total would be closer to 75%. The current budget does not include all management expenses from last month, which should bring the remaining amount closer to 75%.
- RAC Systems Development budget reflects several travel reimbursements for the recent GETAC meeting. These reimbursements are in progress, so they are not recorded in the spend column. A 50% deposit was also made for the FTEP course. The remaining balance will be paid once the course is completed. Committee chairs were asked to bring 2-3 proposals on how to spend their allocation to the December Board meeting.
- There is an agenda item to approve the allocations for the Amendment 3 funds. St. Joseph Grimes has been added to the budget.
- No funds have been expended from EMS County. Please gather any eligible expenses and send them in for reimbursement.
- The unrestricted budget sheet has a section to record all revenue to this part of the RAC budget as requested by Mr. Rice. The only new expense is a \$500 sponsorship to Texas Association of Air Medical Services. The current balance in the unrestricted budget is \$66,193.04.

Ms. Johse made a motion to approve the financial report as presented. Mr. Gallagher seconded; motion carried.

V. Executive Directors Report: - Last month the board approved partnering with SETRAC under the Prehospital Whole Blood Program. The signed and executed MOU was displayed on the screen.

VI. State RAC Chair / ED Meeting Update – Chairperson Parks and Mr. Heritage attended the RAC Chairs Meeting. One of the discussion points during the meeting was the way radiology films are sent to receiving facilities and the programs used to do so. Trials are being done to make sure information can be sent between different programs. They are still discussing transfers and data that will need to be collected as a region especially regarding delays and other issues.

Other topics discussed include:

- RAC N was recognized as having the highest percent for EMS responses the Pediatric Readiness Assessment.
- If you create an incident in Pulsara please be sure it is closed.
- The data from the severe trauma transfers was displayed and discussed as well as the wristband use data. Mr. Gallagher pointed out that their agency was not recording the wristband info into the correct field / field that the state is looking at. Board members agreed that the usage percentage is much higher in the region than what is reflected on the presentation/report.

VII. Discussion and/or Action Items –

A. Consider for Approval the FY2026 Amendment 3/EI Funds Budget – The only change was the addition of St. Joseph Grimes which changed the allocated amount for the other hospitals. Mr. Gallagher made a motion to approve the FY2025 Amendment 3/EI Funds budget. Ms. Johse seconded; motion carried.

B. Discussion of RAC Symposium – The input gathered from the symposium participants on the evaluations included:

- Want more MCI events
- Liked the venue and the vendor room
- Thought it was a little EMS heavy
- Enjoyed the skills station
- More pediatrics and burns

Several potential speakers were suggested by board members including the Pulse shooting presenter and a snake bite doctor. Fridays are better for TEEX, but it is not necessarily better for participants. Board members also suggested making the room smaller next year and starting a little later.

C. Discussion of Pulsara – No updates. Remember to take your incidents off. Mr. Gallagher asked about images being uploaded in Pulsara. It is possible to do a single image or two but not the full radiology imaging. The AI assist on Pulsara will be coming out soon.

VIII. Committee Significant Items

A. Pre-Hospital (Dr. Christian for Kevin Deramus) – No meeting last month

B. Stroke / Cardiac (Brooke Moore for Amy Plotts) – Continuing to review and determine how to collect LVO and VAN positive data

C. Perinatal (Chairperson Parks for Dr. Brading) – They are hosting the NRP class in January. Need to see about ordering new books for EMS agencies.

D. Disaster / Emergency Preparedness (Herman Iles) – With the severe weather, a lot of EMTF is deployed. Nominations for chair and co-chair will be accepted at today's meeting. Mr. Ruemke had to step down as the chair. The responsibilities are low for the positions so it would be a good beginner place for someone in your agency that you want to get involved in the RAC. MERCI planning is continuing. There will be a controller meeting on January 12th, and the evaluators will meet later. Easterwood Airport plans to continue participation in the exercise.

E. Injury Prevention (Riley Fisher/Christina Nickerson) – Ms. Fisher attended the State Stop the Bleed Chair Meeting and BVRAC was recognized as having the highest number of participants taught in the state.

- F. **Trauma / Special Populations** (Erin Gass/Courtney Saunders) – Still working on a spreadsheet to collect the data. The group is looking at doing one spreadsheet with tabs at the bottom to avoid having so many different spreadsheets. The committee will discuss how to handle data collection for all transfers out of the region at the next meeting.
- G. **Education** (Adam Gallagher) – Mr. Gallagher asked for the number of people that have signed up for the FTEP course to determine if registrations can be opened to other agencies.
- H. **System QI / Physician’s Advisory** (Dr. Nicholas Nunnally/Amber Heredia) –No updates.

IX. Open Forum. – No updates.
